RE: GREGORY
ESPIONAGE - R

At 10 a.m., November 1, 1950, ELIZABETH BENTLEY telephonically communicated with the writer.

As has been set out in previous memos within the past few days, Miss BENTLEY is becoming very much concerned over the suspicions that she is being followed and that her telephone is being tapped. Up to this morning, she had been of the opinion that these surveillances and other operations were being performed by the FRANK BILASKI Detective Agency.

It might also be pointed out here that on the afternoon of October 31, Miss BENTLEY moved, together with her baggage, from the Shelton Hotel to Room 1076 at the Prince George Hotel, 28th Street and Madison Avenue, New York City.

In her conversation this morning, Miss BENTLEY related to the writer that last evening she had had a long talk with ROBERT MORRIS, who has previously been described, and both she and MORRIS have now come to a definite conclusion that BILASKI is not involved in any shadowing or phone tapping activities in connection with her behavior. She stated that MORRIS apparently talked to BILASKI or someone close to BILASKI and was advised that although he, BILASKI, had done some investigation for REMINGTON, he had not had any of his operatives following her nor was he doing any current work in connection with her case.

MORRIS pointed out to her that BILASKI had stated that REMINGTON did not have the kind of money that would permit full-time surveillances and other active investigations.

She then stated that MORRIS informed her he had some friends on the Red Squad in the Police Department and that he was going to see if he could get some of these men to determine just who was conducting this surveillance.

She was informed that it was probably unwise for her to take on this responsibility until after she had talked with the United States Attorney who was handling both the BROTHMAN and REMINGTON cases.

It was pointed out that since she had a scheduled interview with the United States Attorney's Office for 2:30 p.m., November 1, this matter should be taken up and she should be guided by any advice they gave her.

It is both the writer's and SA J. S. DANAHY'S opinion that Miss BENTLEY'S imagination is working overtime as during the time arrangements were being made for her move from the Shelton to the Prince George she pointed out two individuals who she thought were tailing her and although no extensive investigation was conducted by agents at this time, it was particularly noted that as the agents and Miss BENTLEY drove away from the Hotel, these two men who she had pointed out paid no attention to automobiles, the license number or the occupants.

The writer has no claim of being omniscient but it definitely appears from the conversation with Miss BENTLEY and her conversations with the agents on recent dates that she may be bordering on some mental pitfall which, of course, would be almost disastrous to the prosecution of the BROTHMAN and REMINGTON cases, as she is without doubt the principal witness in both.

Reference is made to New York telephone call November 1, 1950 in this matter.

There is being submitted herewith for the assistance of the New York Office, Philadelphia exhibit #65-4307-1B-5(29). This exhibit contains 21 individual items numbered 1 through 21 by the Agent recovering the material. This material was all contained in a red fiber expansion envelope bearing on the outside, the notation, "A. B.'s Stuff." The folder and its contents were located by SA FRED C. BIRKBY on June 3, 1950.

Memorandums prepared by the New York Agents during their interviews of HARRY GOLD pertaining to the above captioned items, are also being submitted for the assistance of New York. It is specifically requested that these memorandums be returned to the Philadelphia Office. It is suggested that the New York Office prepare photostatic copies of these memorandums for its own use and return the originals to Philadelphia.

Relative to the comments of GOLD concerning additional material relating to a "Magnesium Powder Plant", SA BIRKBY on June 6, 1950, secured among 67 loose sheets of paper in a wooden box, six sheets of yellow lined paper bearing that title. There was also located with these six sheets, two additional yellow sheets bearing chemicals numbered from ten to one hundred. These appear to have no connection with the Magnesium Powder Plant but are submitted as they are part of the same exhibit, 65-4307-1B-1061.

The memorandums of the New York Agents containing GOLD's comments concerning these items are also being submitted as enclosures. It is likewise requested that these memorandums be returned to the Philadelphia Office.

In connection with the various items numbered from 1 through 15 set forth in the Philadelphia report in this matter, dated July 5, 1950, GOLD's comments concerning these items were set forth in detail.

RE: ABRAHAM BROTHMAN
ESPIONAGE - R

Supervisor Harzenstein of the Philadelphia Office called at 9:30 A.M. and advised that MORRELL DOUGHERTY came to the Philadelphia Office last night and advised that he had been contacted by an individual who identified himself as TERRY, stating he represented a client in New York and asked DOUGHERTY to go to a private telephone pay station and call him back which DOUGHERTY did. According to Harzenstein, the number DOUGHERTY was given to call was also believed to be a pay telephone.

Mr. Harzenstein said DOUGHERTY had been advised by TERRY that the latter wanted to ask him questions about GOLD and that when DOUGHERTY appeared reticent about answering these questions, TERRY said that if he did not answer them he would have to serve him with a subpoena.

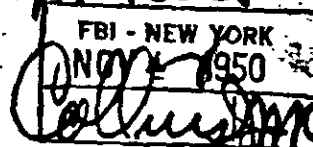

During the conversation TERRY advised that he was registered at the Benjamin Franklin Hotel in Philadelphia. DOUGHERTY stated he had contacted the Benjamin Franklin Hotel and there was a JOHN TERRY there although he does not know whether he is identical with the TERRY who called him.

TERRY made an appointment to see DOUGHERTY this morning at DOUGHERTY'S office and Mr. Harzenstein desired to know if we knew anything about TERRY as DOUGHERTY was somewhat suspicious of him because he has an accent which does not correspond with the name of TERRY.

After checking with SA John W. Collins I advised Mr. Harzenstein that there is a TERRY who is a private detective in New York who does investigative work for some of the criminal lawyers, but I did not know if he was identical with the TERRY in Philadelphia but it was possible that he was working with William Kleinman who is representing BROTHMAN and MOSKOWITZ.

Inasmuch as the Philadelphia Office was somewhat suspicious of this contact being possibly a Soviet agent they were contemplating placing a surveillance on TERRY. I told Mr. Harzenstein it would appear

On November 6, the writer communicated with ^{GODFREY} SCHMIDT, Miss BENTLEY'S attorney, in connection with the obtaining of the minutes of the pre-trial examination held in connection with the REMINGTON libel suit. Mr. SCHMIDT advised that he had been in touch with REMINGTON'S lawyers; that they indicated to him the notes had not been transcribed but they would furnish SCHMIDT with a copy of the minutes, but that SCHMIDT would have to pay for the typing job. SCHMIDT stated that he agreed to this and is expecting a transcript in the very near future. He stated that he would attempt today to find out if this job could be expedited, and promised to call the writer and advise as to when transcript might be expected.

Re: BERNARD SCHUSTER, was.
SECURITY MATTER - C

[REDACTED] advised the writer
on September 27 and October 3, 1950 as follows:

[REDACTED] A man who is unknown to the informant
came [REDACTED] and asked CHESTER to come to his (the unknown man's)
place on 10th Street to talk to BROTHMAN. CHESTER was reluctant to go,
saying something to the effect that he (BROTHMAN) should take care of his
own troubles.

The informant stated that ISIDORE MOSKOWITZ was present during
this discussion. He also interceded for BROTHMAN.

[REDACTED] CHESTER did go to the emissary's place. The
informant viewed a photograph of JULES KORCHIEN. He stated that there
was some similarity in the photograph to his recollection of the above-
mentioned emissary and said that he was possibly identical, but he was not
definitely sure. The informant described this emissary as follows:
48 to 50 years of age (1949); nationality, American; dark brown hair; blue
or brown eyes; approximately 5' 11" to 6' in height; build, lean; residence,
10th Street between University Place and Fifth Avenue; peculiarities,
moustache, looks like professional type man, smooth talker, looked like
Bohemian intellectual.

[REDACTED] In approximately 1948, two girls, whom he now recalls to be MIRIAM MOSKOWITZ
and GERTRUDE KOGAN, invited BROTHMAN to speak before the Hetti Lapatin
Club, Chelsea Section, Communist Party. In his speech, BROTHMAN attacked
the Party leaders and defended EARL BROWDER. Subsequently, in August,
1948, at the Section Convention (not National Convention) a resolution
criticizing the Party leadership was introduced by MOSKOWITZ and KOGAN.
The informant stated that in the 1948-1949 registration the Party refused
to register MOSKOWITZ and KOGAN. They were also in trouble because they
refused to contribute substantially to the Party Fund Drive.

[REDACTED] B7D
[REDACTED] that BROTHMAN was one of the top plastic chemists in the United States; that he had contributed substantially to the Communist Party previously; and that he wanted to settle his troubles with the Party arising out of his critical speech at the above-mentioned club before he went to Switzerland.

[REDACTED] The informant stated that he did not know MOSKOWITZ and KOGAN were received back into the Party; however, he knew that no further action was taken against BROTHMAN. B7D

The informant then went on to say that BROTHMAN was not a member of any Communist Party branch, but was a member at large. During the war years, he was responsible to BERNIE CHESTER and thereafter he was responsible to MAE MILLER. The informant stated that BROTHMAN must have been held in high regard by the Party. There could be no other reason for his success in avoiding being purged because of his pro-Browder sentiments.

[REDACTED] BROTHMAN was not a firm person and that he was jittery all the time.

[REDACTED] B7D
A photograph of BROTHMAN and MIRIAM MOSKOWITZ was exhibited to the informant, but he failed to recognize them. The informant stated that he had never seen either MOSKOWITZ or BROTHMAN and failed to recognize them.

Informant stated that CHESTER definitely was connected with JACOB GOLOS. He said that he assumed there was a connection because [REDACTED] B7D
[REDACTED] he was in frequent contact with JACOB GOLOS.

[REDACTED] As further substantiation of the connection of GOLOS with CHESTER, the informant offered the following:

[REDACTED] "Cohen's Place" was B7D

WLD:
NY 100-268

a studio apartment on the third floor of a building on the north side of 22nd Street, just east of 7th Avenue situated between a hotel and the corner. The building is for the most part a business building, but COHEN occupies a studio apartment on the third floor. His name was on the directory and mail box on the door.

[REDACTED] B7D

The informant said that he believed that "Cohen's Place" had been used by CHESTER for photography for several years and that JACOB GOLOS had also used it. It is to be noted that ELIZABETH BENTLEY has stated that CHESTER attended JACOB GOLOS' funeral. COHEN was described as follows: age, 50 to 55 years (1949); height, 5' 4" to 5' 5"; weight, 135 to 140 pounds; hair, blondish; eyes, blue; occupation, artist.

The informant stated that CHESTER [REDACTED] was in Mexico some time during 1940 or 1941 and that JACK STACHEL was there at the same time. The informant continued that CHESTER in 1940-1941 was active in the Communist underground.

[REDACTED] B7D

The informant related that CHESTER is the unannounced treasurer of the New York State Communist Party. He is not aware of the name of CHESTER'S company. He knows that his office is located on the 6th floor at One Union Square West, New York City, in the rear of the building. He is listed on the building directory as BERNARD SCHUSTER. He is certain that he has occupied this space. He does not know his telephone number.

[REDACTED] B7D

CHESTER [REDACTED] furnished to the Vito Marcantonio Election Campaign \$15,000.00 as a Communist Party contribution.

[REDACTED]

[REDACTED] BERNIE CHESTER was included on this list as a member of the staff. Informant continued that since the

[REDACTED] B7D

MEMO:

death of PAUL CROSBY, CHESTER has been handling all the financial problems of the New York State Communist Party. He stated that he checks on the purchases and finances of the "Daily Worker" and the "Morning Freiheit" newspapers. He further stated that CHESTER made an alleged business trip to Cuba in 1949, which no doubt related to Communist Party business.

With respect to the aforementioned office of CHESTER at One Union Square West, the informant believed that CHESTER buys surplus government goods and sells this merchandise to various dealers at a profit and this profit is placed in the Communist Party treasury.

RE: ABRAHAM BROTHMAN
ESPIONAGE - R

This morning the writer spoke to Godfrey Schmidt in connection with the transcript relating to the pre-trial examination of ELIZABETH BENTLEY during the REMINGTON slander and libel action.

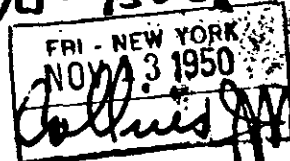

Mr. Schmidt stated that as he had previously informed the writer, REMINGTON'S lawyer, BARRY, had promised to make this available but that on 11/10/50 BARRY had informed CHANDLER that the stenographic notes as well as all copies of the transcript had been furnished to CHANDLER who is REMINGTON'S lawyer in the present perjury action pending against him.

The writer then communicated with USA Saypol and informed him of the above matter. He stated he had just been talking to CHANDLER on another matter and brought up the question of the pre-trial transcript and CHANDLER advised he was not going to make this available to the Government. According to Saypol, the latter informed CHANDLER that he would issue a Grand Jury subpoena forthwith for the production of this transcript and at that time CHANDLER requested he be given an hour to think this over.

The writer then informed Mr. Saypol that the situation now appears to be a legal stand-off. Mr. Saypol stated he would handle the situation from here on but would advise this office of any results and if he had any further request for the FBI in this connection.

SA Turner advised that the B & G is out of business and the only record was an old payroll. A complete search of the payroll was made without reflecting any record of HARRY GOLD, MERRILL DOUGHTERTY or the name FRANK KESSLER under which name GOLD may have worked.

Mr. Leo Dreyer, secretary, stated that the president of B & G is in New York and he would be the only one who could help. His name is Felix Gluck, 27 West 72nd Street, telephone Endicott 2-3888. GLUCK would be the only one who would recall whether GOLD had been in his employ.

SA Turner advised that there is no one presently employed in Paterson who has been there prior to 1947.

Present Employment

Charles E. Zimmerman,
Consultants and Designers,
305 East 46th Street, New
York City, October 14, 1950
to present

Mr. Charles E. Zimmerman, 305 East 46th Street, New York City, advised that his organization is presently engaged in highly confidential work for the U.S. Navy Department and that Joel Chalek in his employment with the above organization would have access to this highly confidential information.

During the course of the above mentioned investigation conducted by this office, it was also ascertained that Joel Chalek's aunt and uncle, Eleanor and Sol Chalek, reside at 6350 Wetherole Street, Rego Park, New York City.

The files of this office failed to reflect any information on Joel Stanley Chalek, Allyn Russell, his wife, Bernice Chalek; his brother, Eliah Chalek; or his parents, William and Lee Chalek. However, the files of this office reflect the following pertinent information on Sol and Eleanor Chalek.

The records of Immigration and Naturalization Service, 70 Columbus Avenue, New York City, reflect that Sol Chalek was born on April 15, 1897, at Krasilov, Russia; that he came to the United States from Antwerp, Belgium, and entered the United States on June 10, 1905, at New York City, as a passenger aboard the SS Kroeland. This record further reflects that Sol Chalek was married on June 3, 1919 to Eleanor Octinov who was born in Ragna, Russia, on October 8, 1897, and that he was admitted to citizenship on December 6, 1927, in the United States District Court, Eastern District of New York.

In 1944, a confidential informant of known reliability, advised that since 1942, Sol Chalek has been a partner in the Queens and Associated Food Dealers, Inc., 940 Rensselaer Avenue, Brooklyn, New York, and that at present Sol Chalek is also a partner in the Retail Food Reporter Publishing Company, both of which organizations publish food merchants' trade papers.

According to the informant, the Queens and Associated Food Dealers, Inc., is composed of 35 Queens, Brooklyn and Nassau County grocers banded together for the purpose of purchasing standard groceries collectively. This organization reportedly facilitates the securing of various licenses for its members and negotiates any labor difficulties in which its members may become involved.

On November 25, 1946, a confidential informant, of known reliability, advised that Sol and Eleanor Chalek were members of the Rego Park 63rd Club, Queens County Communist Party, and that they were also members of the Rego Park American Labor Club, Queens County, New York.

This informant advised on January 9, 1948 that Sol Chalek, 6th Assembly District, Queens County, New York, was as of December 10, 1943, an American Labor Party State Committeeman from the 6th Assembly District, Queens, New York.

On May 27, 1949, a confidential informant, of known reliability, advised that Eleanor Chalek was present at an American Labor Party Queens County Executive Committee meeting held on May 18, 1949.

On March 29, 1944, this informant advised that Eleanor Chalek, 6350 Wetherole Street, Queens, New York, was a member at large of the Rego Park Club, Queens County Communist Party.

On January 1, 1945, a confidential informant, of known reliability, advised that Sol Chalek was one of the members of the Rego Park Club, Queens County Communist Party, who had succeeded in obtaining five or more subscriptions to the "Daily Worker" and therefore was invited to attend the Earl Browder dinner on December 27, 1944.

This informant further advised on June 3, 1944 that Sol Chalek of the Rego Park Club, Queens County Communist Political Association, was a delegate of the Communist Political Association State Convention held during May and June 1944.

The above information is being furnished to the Office of Naval Intelligence, 3rd Naval District, for information purposes and for any action it may care to take in instant matter.
